MEMBERSHIP-OPTION & QUALIFICATION

Qualifications

Membership of the society shall be open to all those, who are representatives of Consulting Engineers, Contractors, Manufacturers, Users industry, Educational and Scientific institutions, Sales & Service Representatives engaged in the field of Heating, Refrigeration & Air-conditioning, Ventilation and other related services.

At the time of admission in any specified category of membership, a member shall have adequate experience composed of any combination of the following:

1. Approved completed education beyond High/Secondary School or equivalent
2. Work experience
3. Engineering Registration whenever applicable in India.

Categories of Members

The membership in the categories of Full / Associate / Affiliate Member will be given on annual basis initially for **three** years. The Student membership will be on annual basis only. The decision of CWC / BOG regarding enrolment of new members / up-gradation to various categories of membership shall be final. **The Renewal of membership will be applicable after 3 years.**

Full Member

At the time of his admission a Full Member shall be a graduate of an engineering curriculum accredited by the Government of India and approved by Board of governors or CWC of Chapter and an approved minimum work experience of two years for enrolment as a member.

Associate Member

An associate Members shall possess an Engineering degree, engineering diploma or certificate course of ITI or recognized by Govt. of India with courses in Air-conditioning and Refrigeration and shall have interest in the advancement of the Society's aim and shall be in a position to co-operate with heating, refrigerating air conditioning or ventilation engineers in the advancement of the knowledge relating to heating, refrigerating, air-conditioning or ventilation engineering and its application.

The Associate Members in good standing could apply for up-gradation as a member as indicated here below:

- a) Engineering degree after two years as Associate Member.
- b) Diploma engineering after five years as Associate Member.
- c) Certificate after eight years as Associate Member.
- d) Affiliate Member after eight years as Associate Member.

Affiliate Member

A person without any formal qualification in engineering, but affiliated and interested, broadly, in the field of HVAC and refrigeration. Affiliate member could apply for Associate membership after five years as an Affiliate Member in good standing.

Student Member

A student at time of his application for membership into the society shall be attending as engineering curriculum accredited by the Govt. of India and / or approved by the board of Governors / Chapter's Working Committee.
