NEW DELHI 2011

Ventilation - A Revolution Ahead !

One day Conference on Ventilation

4th November 2011,
Manekshaw Centre, Dhaula Kuan, New Delhi

Organized by

Delhi Chapter of ISHRAE

In Association with

ASHRAE India Chapter

Delhi Chapter of ISHRAE in association with ASHRAE India Chapter, takes an initiative to hold the first ever dedicated Conference on Ventilation, VentConf New Delhi 2011, scheduled on 4th November at Manekshaw Auditorium, Dhaula Kuan, New Delhi. The theme for the Conference is " *Ventilation – A Revolution Ahead!* "

This One Day Conference addresses the long felt need to have a Conference highlighting the present status and developments taking place in Ventilation designs, products and applications. Some of the finest speakers from India and abroad, shall hold series of discussions, case studies, and presentations on latest developments related with subjects like Industrial Ventilation, Smoke Management, Basement Ventilation, Natural Ventilation and Testing Standards.

Delegates from all across country, representing various sectors of Ventilation Industry such as Architects; Consultants; Govt Organizations in the field of Infrastructure development, Building Construction, Power Plants, Metro, Airport, Highways, Fire Authorities, Pollution Control Board; Private Sector End Users from Power, Auto, Steel, Textile, Marine, Builder Groups etc.; Contractors; Equipment Suppliers and Service Organizations are expected to assemble at this common platform.

A Catalogue show is also being organized to provide an opportunity for various organizations in this industry, to showcase their products and services through catalogues, posters, brochures and other publications.

We invite all individuals having business interest in the field of Ventilation to come forward and participate in this event, to make this initiative a Grand Success.

Regards
VENTCONF Steering Committee
